# Play value

The large Nile Galley is based on an ancient Egyptian Pharaoh barque. The aesthetically pleasing play sculpture not only conceals a whole range of play offers but its specially shaped design makes it uniquely memorable and contributes to the identity of a play space. To be able to slip into the role of pirate, captain, helmsperson or sailor is fun for both younger and older children – and the fact that it takes place on a "real" ship makes it all the more exciting.

Ship "Nil-Galley"

**Fundamental characteristics** 

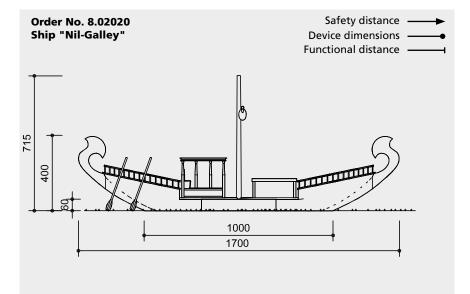

- Impressive design statement
- Very special appeal
- Eye-catcher of a play area
- Attractive meeting point
- Wooden surface for tactile sensory appeal
- Large play area in the hull
- Incentive for playing: role-playing games, hiding, observing
- Movement: climbing up and around

# **Recommended for**

- School children
- Young people
- Public play areas without supervision, such as playgrounds, parks or similar
- Leisure parks

# 2000 Scale 1:200

Safety check according to DIN EN 1176

# **Components**

- 1 Ship
- 1 Cabin
- 2 Masts
- 1 Sail
- 4 Wooden rudders, rigidly fixed

# Installation information

Surfacing requirements corresponding to a fall height of  $\leq$  0.60 m (please refer to price list for more detailed information)

Foundations 8 items 50 x 50 x 60 cm Excavation depth 100 cm

# Attention:

Exact measurements may vary; for all installation dimensions refer to current assembly instructions. Technical changes reserved.

#### **Technical information**

Masts and oars made of larch, other wooden parts made of oak

#### Bevel cut

Vertical stand posts with bevelled end grain section as constructive wood preservation measure

#### Core-free

Sawn-timbers core-free, thus decreasing occurrences of cracking and undesired changes in shape

## Laminated wood beams

Laminated wood beams made of non-impregnated larch, glued according to EN 14080:2013; for very large timber cross-sections; comparatively low shrinkage, almost completely free of cracks

# **Hardwood rungs**

Climbing rungs made of hardwood (ash) Ø 4.2 cm, milled and mortised, secured against twisting, easy to grip and not cold for children to touch

# Rope connection with joint

Close-fitting connection with joint, without dangerous openings, with sintered bush and adjustable screw connection

## **Profiled washer**

Profiled washer for covering protruding screw heads according to standard, improved pressure distribution and protection against water. Impedes loosening the bolt

# For more detailed explanation of the quality characteristics see price list.

Sail made of canvas, sewn with UV-resistant thread, attached to the cross poles with 16 mm PP ropes.

Ornaments with finish at bow and stern with moulded parts made of stainless steel.

Four wooden rudders, rigidly attached to the hull

# **Dimensions**

(small deviations possible)

Height	7.15 m
Length	17 m
Width incl. Yard	6.80 m
